Response to USA Response 12-31-19

Comes now petitioner moving pro se and "shall not be held at Legal Counsel Standard."

First petitioner want to address she haven't received the actual response from USA, her Advocate sent her the response from her pacer account.

- ① The Government (USA) is requesting petitioner 3582(c)(1)(A) 385 State Of Emergency Motion be Denied - Because "Relief Come Upon" Motion Of Director Of Bur. Of Prison"
- ② That she haven't provided medical records And the fact she has access to the hospital.

Responding → Willis want to state that she has sent her medical documents to the court they must be submitted to her Civil Case Document's 2:19-cr-651-MHT. And petitioner does not have access to her medical records from the hospital during

her hospital stay 12-10-19 - 12-14-19, it takes a while for the hospital to send them to the prison and plus the petitioner have to submit a inmate request Cop-Out to Medical Records at the prison to receive a copy and that can take a couple months. Petitioner asked the court can they request those documents I will sign a medical release form, That's why petitioner sent her wrist band from the Pickens County Hospital along with her motion requesting Teleif, trying to show proof she was hospitalized for 4 days and released back to the prison Unstabilized and had to medicated her self with others medication to stay alive over the weekend, she arrived back to the prison. Willis fellow inmates help Willis and Nutured her.

The the ACA Inspector visit the prison the following week Willis was still ill. And The Head Inspector spoke with Willis she informed him that she was very ill and haven't been receiving proper care on 12-20-19. And The ACA Inspector advised Medical Staff Mrs. S. Horton at Aliceville Prison to see to Willis Medical Needs, then she (Horton) took Willis back to the examine room and got her vitals and weight Willis has lost 20 some pounds in two weeks. Horton consulted

With Dr. Li and they put Willis back on Antibiotics and Nausea medication and said if need be they will send Willis back to hospital. As of now Willis is still awaiting to see G.I Specialist.

Willis need Medical Attention ASAP. Due to her Liver being Damaged and Kidneys. The prison doesn't know if Willis is out of the Woods. The Hospital is 40 minutes away from the prison.

Second Willis has sent her Denial for Compassionate Release. One Copy is in here.

Also Petitioner Showed Extraordinary Compelling Circumstances in her Civil Case for 3582 (C)(I)(A) Compassionate Release Case # 2119-cr-051-MHT.

Petitioner is still Nausea and losing weight rapidly and in pain. Petitioner went to sick call medical 1-10-2020 saw medical staff Horton and she did a U/A and informed Willis she would have to see specialist and she is still pending scheduling for G.I.

Also there's no showing petitioner is scheduled at all for Mammogram she has been waiting since 2015. Petitioner was seen by Dr. Hunter Busky

(MUR)  
 in August 2019 and Hunter Busky found 3 lumps in petitioner's breast and MLP Dr. Hunter requested mammogram which Willis still haven't received mammogram and Willis mother passed away from cancer and Grandfather for Colon Cancer. Willis has been awaiting Colonoscopy since 2011 and 2019 still have not received that and she has blood in her stool. Neglect is present in Willis Case. Medical Records will show this. Willis doesn't have her entire medical records because it cost more than Willis can afford.

Willis move's this Court to request her Medical Records From BOP to see she is honest of her situation medical need.

In late Congress 2018 FSA Section 503 changed the process of Compassionate Release occurs so that, instead of depending upon the BOP Director to move for release, a Court can now resentence "upon motion of defendant," if the defendant has fully exhausted all administrative remedies, or lapse 30 days from receipt of such request by Warden. The effects of new changes are to allow federal judges the ability to move on a prisoners CR Application even in the face of BOP opposition or its failure to respond to prisoners request for CR in a timely.

manner

Under Section 1B1.13 moves this Honorable Court reduce petitioner sentence 3553(a) Post Conviction & Sentence. Sentencing Commission Created a catch-all provision for CR under U.S.S.G § 1B1.13 application note(D)(D)

The Dependence on BOP in policy statements is a relic of the prior procedure that is now inconsistent with FSA 2018 Act's Amendment of Section 3582(c)(2)(A). Application not 1 (D) can no longer limit "judicial authority" to cases with initial determination by the BOP Director that a prisoner's case presents extraordinary or compelling reasons for reduction, because the First Step Act has expressed charged the Statutory Text to allow court to grant sentence reduction even in the face of adverse or unresolved BOP determination concerning whether a prisoner's case is extraordinary or compelling. And the Commission's "now dated" statement indicating that the BOP must file a motion in order for a court to consider a CR sentence reduction no longer controls in the face of First Step Act 2018 changes enacted explicitly to allow a court to consider a reduction even in the absence of a BOP triggering motion. With the First Step Act, Congress has decided Federal Judges no longer to be constrained

or controlled by how the BOP Director Sets its Criteria for what constitutes extraordinary and compelling reasons for SR. Consequently those Sections of the guidelines applications notes requiring a BOP Determination or motion are not binding on Courts

Put differently, now the FSA 2018 has recast the procedural requirements for SR without the BOP Director's initial determination, then the SR is not inconsistent with the applicable policy Statements issued by the Sentencing Commission.

Grounds Reasons Petitioner Should be Granted Relief Under 3882(u)(1)(A)(i)

- ① 924C Stacking Charges is no longer law in Congress it has been Eliminated in the FSA 2018.
- ② Petitioner has Rehabilitated herself only had one fight while incarcerated because she was attacked first which the proof of her incident report is Added to this motion Exhibit Attached.
- ③ Petitioner has failed tremendously since her Sentencing and not receiving proper timely Treatment.

④ Petitioner Children is Beyond the Struggle and Suffering From Serious mental health problems due to all the hardship they have endured since their Mother's incarceration. Homeless, Without Food, abuse from family and foster care home, neglect from relatives Etc. Plus petitioner Mother passed away since petitioner incarceration 5-18-08 and petitioner never attended the funeral.

Petitioner has attached her certificates and proof she has Change and Deserving Of a Second Look or Second Chance at Freedom and is not a threat to Society.

Register No.: 11880-002

Consideration for your release, under the provisions of Title 18, United States Code, Section 3582 (c)(1)(A), and Bureau of Prisons' Program Statement 5050.50, has been given careful review, which included updated medical and case summary information. Based upon this information, your request for a Compassionate Release/Reduction In Sentence (RIS) has been denied.

Currently, you do not meet the criteria for a Reduction In Sentence based on Medically Debilitated Inmates with Medical Conditions. A review of your current medical status indicates that your chronic conditions are stable with appropriate treatment plans in place. After careful review of this information, consideration for Compassionate Release/RIS is denied. In compliance with Bureau of Prisons' Program Statement 5050.50, you may appeal this denial through the Administrative Remedy Program.

Medical staff will continue to monitor your conditions as clinically indicated. I suggest you work with your unit team and your designated medical and mental health team to address your needs, as they may arise.

Accordingly, your Administrative Remedy Request is denied. ## Part A - REASON FOR APPEAL

*I Appeal Fighting*  
 I Bernetta Willis Come to you filing an Appeal from my DHC Findings and sanctions. First I want to state I was being assaulted/attacked by inmate Simone McIlwain on 3-9-18 in front of Officer Harper. The incident report clearly states she assaulted me and she also admitted to DHC lady Cannon that she attacked me, I had no idea McIlwain was gonna attack me while I was sitting. We never even had an argument to lead up to a fight, attack or an assault. Well I had to do something to defend myself b/c the officer was standing watching me back up and I chose to do 2 by-pass surgeries, went one tripple by-pass with a shot. I am currently on life threatening blood thinners. I still have a huge clot hematoma, a tear in my eye from the attack. If I use self defense I had to with my condition.

② have 2 By-pass Surgeries, recent one tripple by-pass that runs through my left arm to my left side of my neck below my juglar. i suffer from blood clots and currently taking blood thinners, my other prior by-pass surgery runs through my left side of my chest above my breast a Veins was taking from my left leg. all this is harmful to my health to be cuffed and catch a blood clot from the iron metal hitting my body and cuff restrained from the back, could have damaged and broken my stint like a hose val running for my by-pass through my arm to my neck. Well i was cuffed from behind to medical to be ~~assessed~~<sup>medically</sup> assessed the entire time all the way to Shue, the cuff was removed once i was in Shue holding cell. I had complained and pleaded i do not suppose to be cuffed like this from my unit, going down the stairs I pleaded to both A.W's that was walking down as i was being escorted as i pleaded about me being on blood thinner my eye was so huge. i was very fearful of clotting due to ive had 2 blood clots near killed me already. So when i was in Shue holding cell I was still pleading not to cuff my arm which is stated in my Medical Report from Vascular Surgeon<sup>Dr</sup> HSW saying do not cuff left arm or left leg due to could cause limb lost! Even Dr. Cardiologist also noted no cuffing arm+legs due to clotting limb loss. I arrived at this facility with 100 cuffs

③ medical is well aware, So Someone in Shu i think was Mr. Wade made a call to medical while i was sitting in the holding cell after Sullivan was getting ready to strip me out for dressing. I over heard an officer told Sullivan No She can't be Cuffed. The later another officer came to take me to a room, it was a lady black worked that Shift 3pm 3-9-18 along with Mr. Washington and Mr. Wade that cuffed me from the front, i begin pleading again this is not suppose to be happening it could be dangerous. Mr. Wade Stated you can be Cuffed in front Per Dr. Griffin, i said he must've just made that so because last as i know on my restriction MSD form i couldnt be Cuffed like that. I was Cuffed back & forth the entire time in Shu. This has violated my medical health condition. And if it says that i can be cuffed in front, it was without my knowledge and had to have been recently changed. I suffer already from nerve pain. From all the Cuffing caused me bruising and more severe pain in my arms & back. Medical also neglected to check on my eye properly, give me ice pack and i developed a hematoma i was informed by Nurse Ives on 3-12-18 and she also went to get my meds blood thinners an aspirin, which i had be pleading to Nurse Etrice for days. Something was wrong the swelling was fluctuating. She stating loudly on Shu hall at my door girl you got punched in your eye you'll be alright. i asked for my

As relief, you request the incident report be expunged. .

Program Statement 5270.09, Inmate Discipline Program, provides the DHO shall consider all evidence presented during the hearing. You allege you were defending yourself. The definition of Code 201 is: a hostile physical or verbal encounter or engagement between two or more persons. The DHO adequately explained to you the specific evidence relied on to find you committed the prohibited act. Further, you did not provide any new evidence to refute the charge.

- ☒ A. The act was committed as charged.                      C. No prohibited act was committed: Expunge according to Inmate Discipline PS.  
☐ B. The following act was committed:

## V. SPECIFIC EVIDENCE RELIED ON TO SUPPORT FINDINGS (Physical evidence, observations, written documents, etc.):

On March 15, 2018, the DHO finds you committed the prohibited act of Fighting with Another Person, code 201.

This decision is based on the information in the incident report written by N. Harper. On 3/09/2018, at approximately 3:02 PM., I observed Inmate Simone Mcillwain Reg#63189-018 running into the hair care room. Inmate Mcillwain entered into the hair care room where inmate Bernetta Willis Reg#11880-002 was sitting. Inmate Mcillwain began hitting inmate Willis with a closed fist while she was seated in the chair. I then immediately called for assistance over the radio. Inmate Willis attempted to defend herself and both inmates became entangled on the floor. I gave three verbal direct orders for both inmates to stop fighting. Inmate Willis ceased all swinging, and she then attempted to hold inmate Mcillwain hands down to prevent inmate Mcillwain from any further attacks. Once additional staff arrived, both inmates were separated, and I assisted Inmate Willis off of the floor where she was holding inmate Mcillwain down without any further incident. Inmate Willis was escorted into the T.V room while inmate Mcillwain remained in the hair care room and both inmates were secured inside the mentioned areas momentarily. Both inmates were then separately escorted out the unit by the additional staff that arrived on scene. Operations lieutenant was notified of the incident.

The Clinical Encounter for WILLIS was used to determine she had swelling noted under left eye lid near the corner of left eye.

The evidence photographs was used to determine Willis has a swollen left eye, and Mcillwain had an injury to her right eye and right ring finger.

The Electronic Mail from WILLIS 11880-002 to mercedesmcqueen20@gmail.com was used to determine you told your friend you had been locked up for fighting. The other girl snuck up in the hair room and hit you in the face. Then you know Alabama style leerooy did her justice.

When Mcillwain was given the opportunity to make a statement she said I am guilty. I attacked her, because she gave my current girlfriend a letter I had written to Willis when her and I were together. I just went. She was swinging back. I came in the haircare room. She saw me coming and stood up. I punched her in the face. I continued to punch her. Somehow, I ended up on the floor. She was on top of me. She was swinging, but only hit me once. The officer said stop, so she restrained me.
